## **DETAILED ACTION**

The amendment filed 12/9/08 and the remarks presented therewith have been carefully considered. However, they are not deemed to be fully persuasive.

### ***Claim Objections***

1. Claims 4 and 17 are objected to because of the following informalities: Claims 4 and 17 appear to be duplicate claims reciting the exact same limitations. Appropriate correction is required.

### ***Claim Rejections - 35 USC § 102***

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1 and 2 are rejected under 35 U.S.C. 102(b) as being anticipated by Hitchcock (408,620).

Hitchcock shows a dismounting device for a heavy load sling comprising a base (A), a lever holder (D), a link lever (E), a sling (i), a releasing means (g), and a ring (G) that can be considered a "handle" as broadly as recited in claim 1 of the instant application.

In response to applicant's argument that the references fail to show certain features of applicant's invention, it is noted that the features upon which applicant relies (i.e., both handles are to be gripped and pulled downwardly) are not recited in the

Art Unit: 3652

rejected claim(s). Although the claims are interpreted in light of the specification, limitations from the specification are not read into the claims. See *In re Van Geuns*, 988 F.2d 1181, 26 USPQ2d 1057 (Fed. Cir. 1993).

***Allowable Subject Matter***

4. Claims 3-7 and 9-20 are allowed.

***Drawings***

5. The replacement drawing was received on 12/9/08. This drawing is approved by the examiner.

***Conclusion***

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
